

PRIMEX EXPERIENCE IN THE TRANSPORT SECTOR

PRIMEX has participated in the planning, detailed design, and construction supervision of projects involving land, sea, and air transport in the Philippines and other countries in the Asia-Pacific region. In these projects, PRIMEX fielded various engineers, economists and finance specialists, procurement and contract management specialists, and environmental and social safeguards specialists, and gender specialists to conduct feasibility studies, prepare detailed designs, and supervise the construction of transport projects, mostly financed by the Asian Development Bank (ADB) and some through public-private partnerships (PPPs).
